Efficiency Valuation Organization (EVO)

MANDATE EVO is a non-profit organization whose products and services help people engineer and invest in energy efficiency projects worldwide.

VISION EVO ´s Vision is to create a world that has confidence in energy efficiency as a reliable and sustainable energy resource.

MISSION EVO ´s Mission is to ensure that the savings and impact of energy efficiency and sustainability projects are accurately measured and verified.

CORE VALUES

- Not-for-profit and virtual to the extent possible
 - Not a consulting or implementation organization
 - Politically, geographically, commercially and technologically neutral
 - Centered in an ever expanding global community of volunteers and practitioners
 - Encourages and recognizes the value of contributions made by EVO volunteers
 - Governed by an international Board of Directors supported by a small core staff
- Maintains fiscal responsibility

EVO Training Committee

The Training Committee (TC) makes sure that training programs for mentors and educational materials are all the same. People who have signed up for EVO can go to webinars and other educational events. The TC gets information from the IPMVP, IEEFP/Finance, Advanced and Thematic Committees, and the Instructors Review Group.

LEARNING OBJECTIVES

- ✓ Training Committee
- ✓ Performance Measurement and Verification Analyst (PMVA)
- ✓ Performance Measurement and Verification Expert (PMVE)
- ✓ International Performance Measurement and Verification Protocol

Performance Measurement and Verification Analyst (PMVA)

- Performance Measurement and Verification Analyst (PMVA) certification sets the standard for energy efficiency project performance, measurement, and verification.
- PMVAs design and finance energy efficiency programs for ESCOs, public administration, utilities, and financial institutions as analysts.
- They have M&V skills, including using the IPMVP to calculate savings. PMVAs may be building technologists, HVAC specialists, engineers, architects, economists, financial analysts, etc.

Performance Measurement and Verification Expert (PMVE)

- Performance Measurement and Verification Expert (PMVE) professionals set the standard for measuring and verifying plans.
- M&V specialists, PMVEs design, develop, and implement M&V plans for complex energy efficiency projects. PMVEs consult and manage projects for facility managers and building owners.
- Senior M&V analysts for government, utilities, and finance are PMVEs. PMVEs can prepare and challenge M&V plans and reports due to their advanced M&V expertise. Most PMVEs have technical degrees and know energy efficiency measures.
