COMMISSIONING SPECIALIST ONLINE CURRICULUM COURSE

THE COMMISSIONING PROCESS

- Define the Commissioning Process
- Typical Commissioning Process
- Commissioning Process Goals

THE COMMISSIONING PROCESS

- The commissioning process is **the integrated application of a set of engineering techniques and procedures to check, inspect, and test every operational component of the project**—from individual functions such as instruments and equipment, up to more complex entities such as subsystems and systems.
- **Commissioning Process:** a quality focused process for enhancing the delivery of a project.
- The commissioning process is a team effort
