BEYOND SMART CITIES

INTRODUCTION

- Demonstrates experience in sustainable design and facilitation of PRS/PQP certification.
- Passes exam indicating interest in sustainable design and basic knowledge of PRS Green Building design process.
- Earns extra points in certification under innovation and design criteria for Construction Industry.
- Adds valuable credential to resume for job placement.
- Ensures interest and knowledge of green building concepts, not job security.

TOP REASONS TO INVEST IN PRS CERTIFICATION

- Reduced Energy Use and Carbon Emissions: PRS Green-certified buildings contribute 50% fewer greenhouse gases (GHGs) than conventionally constructed buildings.
- Accountability: PRS- PQP stands for accountability through the PRS third-party certification process.
- Higher Resale Value and Faster Lease-up Rates: PRS- certified buildings consistently outperform non certified spaces in terms of rent and vacancy.

TOP REASONS TO INVEST IN PRS/PQP CERTIFICATION+

- Lower Utility Costs: PQP buildings use 25% less energy than conventional buildings.
- Improved Employee Retention: PRS - certified buildings attract talented employees and increase worker satisfaction, decreasing turnover.
- Ability to Meet ESG Goals: PRS provides a robust and globally recognized green building framework to measure and manage real estate performance.
