BEYOND SMART CITIES

Why i created this course

Hello & Welcome Message Info

Brief Introduction

- Krishnaji Pawar is the founder and CEO of Beyond Smart Cities, a sustainability, energy, and environmental consulting organization that develops sustainable design solutions for green building certification systems (LEED, GSAS).
- Since 2007, he has worked at the Green construction Technology platform, advising on 3,767 million square feet of green construction and energy modeling in the UAE, India, and Qatar.
- He is recognized for his daring leadership and dedication to generating economic possibilities, and he wants to establish a sustainable, high-performing organization that fulfills that objective.

> We advise customers on company sustainability, decision-making, and innovation. Our innovative thinking and counsel empowers leaders to improve organizations, value chains, markets, and systems.
